

Construction Superintendent – Commercial Industrial Construction:

Vector Projects Group is seeking experienced Construction Superintendents for projects throughout British Columbia. Our head office is based out of Kelowna; the ideal candidate will be flexible to work within the province.

The successful candidate will be responsible to provide overall on-site administrative and technical management on construction projects.

Construction Superintendents Responsibilities:

Responsible for all site activities regarding the efficient and safe production for all phases of the assigned project.

Responsible for planning and scheduling the work. Monitoring the schedules and input for schedule improvements as required.

General project administration for field related activities, including supervision of Vector's own forces and sub-trades.

Project completion procedure.

Submission of coded time sheets, purchase orders and delivery slips.

Maintaining budgets within the field estimate for field purchases and advising the Project Manager of budget concerns.

Rental of equipment after consultation with project manager.

Enforcement of safety practices and company safety rules. Works closely with Vector Project's Safety Liaison for overall safety planning on construction sites.

Ensure the work is constructed in accordance with plans and specifications, shop drawings, and project control documents.

Ensure adequate field-testing is conducted and documented in accordance with contract documents and/or applicable code requirements.

Ability to perform basic Internet and Intranet functions.

Knowledge and Skills Required:

Journeyman trade certificate plus a minimum of **five** years related experience.

Thorough knowledge of all aspects of construction such as materials, equipment, trade agreements, jurisdiction, negotiations, engineering, cost control, schedules and safety.

Excellent communication, organizational and supervisory skills are essential

Have strong Entrepreneurial skills and be able to complete a project 100% from start to finish.

Capacity to handle pressure and resolve issues in a timely organized fashion.

Willingness to travel across British Columbia.

Compensation will be based on the chosen candidates personal credentials, competence and and relevant work experience qualifications.
